

Dear parents,

With the ongoing risk to schools closing due to the outbreak of Coronavirus, the Year 2 Staff have put a learning pack together for your child which can be completed in the event of closure. We fully acknowledge that they cannot replace the quality teaching that your child receives at school however our focus has been on creating a set of tasks that children can access, to maximise their learning whilst at home. If there are any tasks that your child particularly struggles with, then move onto another activity, make a note of this and school will address any misconceptions upon return.
